Standing Together for Community Preparedness - It Starts with You!

As recognized in the National Preparedness Goal, a secure and resilient Nation is one with the capabilities required across the whole community to prevent, protect against, mitigate, respond to and recover from the threats and hazards that may impact a community.

To engage the whole community, collaboration is a key component in connecting participants from various businesses, agencies, organizations, groups, neighborhoods and families. It takes all of us acting individually and collectively doing our part to be prepared in our homes and contributing to a community wholly prepared.

Take action today – Let preparedness start with you!

2012 Recognition Award

In conjunction with the 2012 theme – **Standing Together for Community Preparedness – It Starts with You**, the State Citizen Corps Council offers a challenge to local Citizen Corps Councils to compete for a FFY 2012 Program Recognition Award. Recognition Award entries will consist of a summary report that briefly describes a project that enhances individual and community preparedness aligning with the 2012 theme. The State Citizen Corps Council will select a winner and honor the recipient organization at a State Council meeting in late fall. In addition, information on the Recognition Award winner will be posted to the Arizona Department of Homeland Security/Citizen Corps Program website.
